EXPERIENCE

FRONT END WEB DEVELOPER

Cann-Ad / Breckenridge, CO / Contract-Nov 2018 – August 2019

A digital platform used to optimize the sales funnel for retailers. I handle full-fledged customization of the app aesthetic to fit each retailer's unique brand identity and marketing strategy. The platform enhances customer knowledge of available products and adds efficiency to the checkout process while promoting brand awareness.

- Customize app for each client using Html5, CSS3, JavaScript, AWS-S3, Adobe XD, Photoshop.
- Run tests & debug code to make sure application is running properly before delivering to the client.
- Requires remote communication with our Project Lead & the rest of the dispersed development team using Slack, Google Hangouts, and Jira.
- First point of contact for clients after signing up for the Cann-Ad platform.
- Address client's technical issues using Zendesk and Teamviewer.

OWNER/ ARTIST/ INTERIOR DESIGNER

S Napoli Designs / Hobe Sound, FL / 2007 – 2017

An Interior Design, Decorative Painting & Mural Company. I worked with commercial & residential clients to bring their imagination to life by creating custom interior design's and works of art. From murals to Venetian Plaster to gold foiled ceilings to faux wood grain & marble, S Napoli Designs did it all. I also built & refinished furniture as well as created custom props for special events & set design.

- Collaborated with clients to bring their artistic visions to life.
- Implemented designs in a timely fashion and to customer satisfaction.
- Performed all operations of the business including project quotes, invoicing, inventory, taxes and marketing.

INTERIOR DESIGNER

The Design Studio @ City Furniture / West Palm Beach, FL / 2012– 2014

Founded in 2006, the Design Studio @ City Furniture was created to provide customers with professional and affordable design services.

- Helped clients estimate costs and develop a budget.
- Designed and maintained residential plans using AutoCAD & Sketchup.
- Developed functional solution-based designs.
- Followed the design process from conception to presentation to installation for residential clients and building companies.
